Product Name / Description	List price	Sale price
Used Opendome 30 Framework 323 sq ft (30 m2) of flooring area / diameter: 20.6 ft (6,29m) / height: 12.6 ft (3.85m) Opaque membrane + transparent front	\$6 850.00	\$2 920.00
Used Premium Floor for Opendome 30 An exclusive plywood floor system, with anti-slippery layer, placed on an upraised steel frame with the leveling system	\$4 250.00	\$3 180.00
Projection liner & ring* 360° projection screen for OpenDome 30 with the mounting ring	\$3 800.00	\$3 420.00

Overall condition: 6/10

Framework and floor in good shape (used for a single event). Membrane is a poor shape, has visual marks and needs thorough refurbishment

If you are interested in either brand new or lightly used membrane for the Opendome 30, let us know and we will prepare a quote for you.

*Set is not projection ready. It needs additional accessories including: vacuum pump, projectors and computer system. Dome features transparent front membrane. For projection we recommend completely opaque membrane.

About Opendome 30

The smallest event dome - Opendome 30 - has a flooring area of 323 sq ft and offers a wide range of possible applications. Thanks to its relatively small size, it works amazingly well in crowded areas. It is the perfect info point, endorsement area for a sponsor of an event, an exclusive recreational spot next to the hotel pool or a relaxation area in your own garden. The small dome tent is also an ideal addition to all the large Opendomes structures.

About Premium Floor System

Stable base for every event. Premium Floor is based on a steel frame that maps the shape of the perimeter of the tent and is fixed with the structure of the dome. The floor itself serves as ballast and reduces to minimum the amount of additional weight required to keep the structure down.
