About Opendome 50

Opendome 50 is the ideal zone for private parties, corporate get-togethers, event lounges and VIP areas.

The considerable flooring area offered by the dome tent also works perfectly well as club houses on golf courses or even summer houses set up in tourist resorts or in remote locations such as forests. The possibilities are limited only by your imagination!

About Premium Floor System

Stable base for every event. Premium Floor is based on a steel frame that maps the shape of the perimeter of the tent and is fixed with the structure of the dome. The floor itself serves as ballast and reduces to minimum the amount of additional weight required to keep the structure down.
